### Resolution Urging the Renaming of Georgia Avenue-Petworth Metro Station

**Whereas;** Georgia Avenue, formerly known as the Seventh Street Turnpike, has been a cultural and historical landmark in the District of Columbia preceding the Civil War and has served as a cornerstone for African American, German, Italian and other ethnic communities;

**Whereas;** the Petworth and Park View communities share a long historical association with the intersection of Georgia and New Hampshire Avenues;

**Whereas;** the Georgia Avenue-Petworth Metro Station is less than 250 feet north of Park View, thus serving both the Petworth and Park View Communities;

**Whereas;** Metro stations are catalysts for both development and commerce, and the entire area around the station needs to evenly benefit the Petworth and Park View neighborhoods;

**Therefore, Be It Resolved;** that the ANC 4C urges WMATA to lend its full support towards renaming the Georgia Ave-Petworth Metro station to Georgia Ave-Petworth/Park View.

**Therefore, Be It Further Resolved;** that the ANC 4C does not support the removal of Georgia Avenue from the title of the Georgia Ave-Petworth Metro station under any circumstance.

This resolution was adopted by ANC 4C on July 13, 2011 at a properly noticed public meeting and in accordance with the by-laws of ANC 4C and the laws of the District of Columbia.
