

UPCOMING REPLACEMENT PROJECTS

Georgia Ave-Petworth Metrorail Station *East side of the entrance*

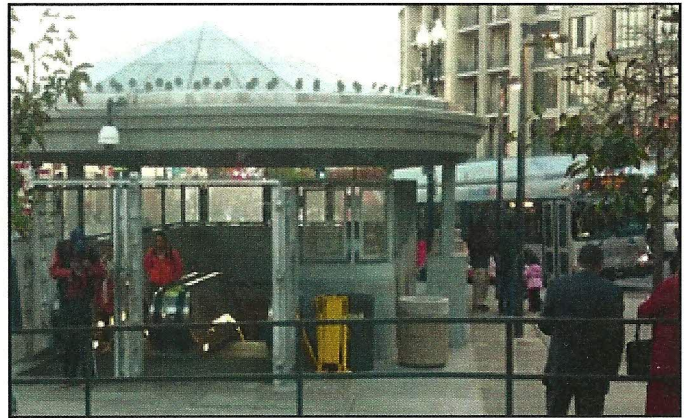

Estimated Start Date: March 21, 2016

Approximate Duration: 45 weeks

Benefit: Two brand new escalators

Customer Impact:

Closure of the east side of the station's entrance (towards Georgia Ave northbound). Customers will continue to have access to the station's west side of the entrance during construction. The street elevator will also be in service during this time.

East side of the Georgia Ave-Petworth entrance

Glenmont Metrorail Station *West side of the entrance*

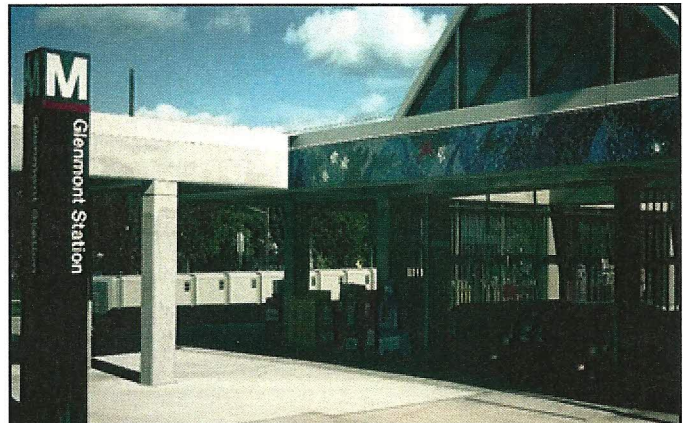

Estimated Start Date: March 28, 2016

Approximate Duration: 35 weeks

Benefit: Two brand new escalators

Customer Impact:

Closure of the west side of the station's entrance. Customers will continue to have access to the station's west side of the entrance during construction. Signs will be posted to direct those customers who use the west Park & Ride Garage. The street elevators will also be in service during this time.

West side of the Glenmont entrance

Columbia Heights Metrorail Station *East side of the entrance*

Estimated Start Date: April 18, 2016

Approximate Duration: 35 weeks

Benefit: Two brand new escalators

Customer Impact:

Closure of the east side of the station's entrance (towards Pleasant Plains). Customers will continue to have access to the station's west side of the entrance during construction. The street elevator will also be in service during this time.

East side of the Columbia Heights entrance
